Painting with Personality

There's nothing our community loves more than kicking back with a creative craft! Our residents let their imaginations run wild as they painted their own abstract line art, each piece bursting with personality and flair.

This hands-on activity gave everyone the freedom to explore, experiment, and create a one-of-a-kind keepsake to call their own. From bold lines to thoughtful details, every artwork told a unique story straight from the heart.

As Oscar Wilde once said, "Art is the most intense mode of individualism that the world has ever known."

And our residents couldn't agree more—they had an absolute blast letting their life experiences, creativity, and individuality flow freely onto the canvas!

Bites & Delights

Last month, our fun-loving residents and some staff went out on a lunch date to ring in the new year together!

The Resident of the Month

We are so excited to recognize Ms. Hazel as our Resident of the Month. Ms. Hazel is a wise, genuine, and spunky lady who welcomes a good challenge and all things . As the eldest living resident in our community, Ms. Hazel has wowed us in more ways than one. Ms. Hazel, thank you so much for making The Vermilion your home. We appreciate the wonderful person you are! Congratulations!

Ms. Hazel F.

Marsha Broussard

The Employee of the Month

We are also so proud to recognize Marsha Broussard as our Employee of the Month. Marsha's love and care for everyone in The Vermilion community is obvious in her work. With a mindset of 'more', Marsha goes beyond the job—when she sees a need, she fills it. It is a true joy and honor to watch Marsha's interactions with the residents. Marsha, you make each of our residents feel important every day. Thank you for bringing a quality to The Vermilion that's irreplaceable. Congratulations!
